HOW LIABILITY FOR APPEARANCE AMONG TEN MILLION MEN WILL BE ESTABLISHED BY THE NATION'S GREAT DRAFT PLAN

WASHINGTON, JULY 19.—(ASSOCIATED PRESS DISPATCH)—NINE-THIRTY TOMORROW MORNING IN A COMMITTEE ROOM OF THE SENATE OFFICE BUILDING IS THE TIME AND PLACE FOR THE NEW WAR ARMY DRAWING. SECRETARY BAKER AND OTHER CABINET OFFICERS AND MEMBERS OF THE SENATE AND HOUSE MILITARY COMMITTEES WILL BE PRESENT.

PROVOST MARSHAL GENERAL CROWDER COUNTS UPON FINISHING IN A LITTLE MORE THAN ONE HOUR, WHICH WILL FIX THE LIABILITY FOR APPEARANCE BEFORE LOCAL EXEMPTION BOARDS OF ALL MEN REGISTERED.

"LADIES FROM HELL," GERMANS CALL HIGHLANDERS

SOME OF THE HIGHLANDERS AND THEIR COMMANDER, COLONEL GUTHRIE.

The "ladies from hell" is what the Germans came to call the soldiers of the highland regiments in the first few weeks of the war—"ladies" on account of their kilts, and the "hell" because of their terrible fighting qualities. That was a respectful tribute from the kaiser's picked army of 1914. But more of the same are needed on the battle line, the kilts feel and they are out to scour the United States for them. They are not re-

cruting alone for highland regiments, however, but for every branch of the Canadian or British armies and incidentally are glad to contribute toward stimulating recruiting by Uncle Sam.

From 7 in the morning, when Colonel Percy A. Guthrie and his band of pipers of the MacLean highlanders debarked from the Fall River boat to march uptown to the Seventy-first regiment armory, until late at night, when the evening parade in Bronx

ended, the mere sight of a sturdy lad in a Glengarry bonnet, with a kilt and a pair of bare, brown knees, was enough to summon a cheering throng.

The MacLean highlanders, to whom these men belong, are a new unit and are being entirely enlisted by Colonel Guthrie in person. They wear the tartans of the clan MacLean of Duart, which have not been worn by a military unit since 1745, when practically the entire clan was wiped out for Prince Charlie at the battle of Culloden.

RETROGRAD, JULY 19.—(Associated Press Cable)—A letter from General Bruffinoff's chief of staff states that "Nikolai Lenin," radical social leader is an agent of the German General Staff. The evidence was traced through the confession of Lieutenant Ermolenko that he was sent to the front of the Sixth Russian army to make a proposal in favor of early peace with Germany.

Lenin's task was to compromise the provisional government in the eyes of the people by every possible means. Funds were sent through the intermediary of an employee of the German Legation at Stockholm.

MOVE FOR PEACE SEEMS CERTAIN

AMSTERDAM, JULY 19.—(Associated Press Cable)—The Tageblatt says the committee of the majority parties in the Reichstag have unanimously decided to move the peace resolution. Previously the committee was divided, two members of the center and one liberal disagreeing with the majority. The Tageblatt says that in the Reichstag 221 deputies will vote for the peace resolution.

Master Key First to be Found by Draft in Order to Reach Every Man in Every District.

Nation Anxiously Waits for the "Flash" Which Will Designate Those Who Are to Appear.

By Associated Press Dispatch.

Washington, July 19.—Just how the drawing is to be conducted here tomorrow morning to establish liability for appearance before local exemption boards of each of the 10,000,000 men registered for war service, was disclosed today for the first time by the Provost Marshal's office.

There will be two drawings, one of numbers from 1 to 1,000, and another from cipher to ten to form a master key by which the 1,000 numbers drawn will reach every man in every district. There are 4,557 exemption districts with an average of about 3,000 registrants in each. The largest has more than 10,000 men registered and the smallest only about 185. In each district each registrant has been given a serial number written upon his card in red ink. For districts with not more than 1,000 registrants the drawing of 1,000 numbers will fix definitely the place upon each district's list the name of each man. Where a district has more than 1,000 the master key will have to be applied thus:

"The key will fix the order in which each group of the 1,000 is to be placed on the liability list which will run from No. 1 to more than 10,000. For instance if 9 should be the first number drawn for the key, all registration numbers in the 9900 group would go in a block at the head of the list arranged in the order in which numbers 1 to 1,000 come out in the second drawing. Districts with less than 9,000 therefore would disregard this block entirely and would be affected only by the key numbers for the blocks corresponding to the number of thousands of registrants they have.

Out of the 10,000,000 registered, 687,000 are wanted now for the war army. As it is estimated that 50 per cent of the men call before the boards will be exempted, each board will be directed to call double the number of its quota for examination in the order that the numbers appear on the district list after the drawing.

Originally the master key numbers were fixed at from cipher to nine, on the assumption that the largest district in the country would have less than 10,000 men. Today a district in Detroit reported more than 10,000 men, making it necessary to have the key numbers run from cipher to ten.

St. Paul Turns Out Crowds When Recruits Leave City

These pictures show the departure from St. Paul of 150 men recruited for the United States naval service. The parade given in their honor was headed by the cadet bagpipe band of the Winnipeg highlanders' regiment. The band visited St. Paul for the purpose of encouraging recruiting there

to the British army. Every detachment of sailors, marines or soldiers which leaves St. Paul is escorted to its train by the Glacier Park band, drum corps, drill squad and a delegation of Red Cross representatives, who present the men with comfort kits.

MOSCOW MAY BE RUSSIAN CAPITAL

PETROGRAD, JULY 19.—(Associated Press Cable)—An extraordinary cabinet council is discussing a proposal to transfer the seat of the provisional government to Moscow.

M. Tseretelli, Minister of Post and Telegraphs, a member of the council of Workmen's and Soldiers' Delegates, said yesterday that the general assembly of Workmen and Soldiers and Peasants would be held in Moscow to prevent interference from an irresponsible section of the Petrograd garrison.

The government controls the city today as completely as a Bolshevik appeared to control it yesterday.

CONTROL IN FOOD BILL

Hoover Indorsed by the Senate.

By Associated Press Dispatch.

Washington, July 19.—Confinement of government control legislation in the food bill to foods, feeds and fuel including kerosene and gasoline was forecast today when, in what was considered the test vote, the Senate re-

jected 44 to 28 an amendment by Senator Kenyon of Iowa, to extend control to iron ore and its products, hemp binding twine and farm implements and tools.

Indorsement was given Herbert C. Hoover by the Senate when by a viva voce vote it rejected an amendment by Senator Reed of Missouri to have the food bill administered by a board of five instead of three members.

FATALITIES

(Associated Press Cable)

London, July 19.—A Reuters dispatch from Petrograd says the number of killed and wounded in the two days' rioting there is estimated at about 500.

PRESIDENT PARDONS THE SUFFS

White House Has No Statement to Make, Says Tumult.

By Associated Press Dispatch. Washington, July 19.—President Wilson today issued pardons for the 16 suffragettes who are serving a 60-day sentence in the workhouse at Occoquan, Va., for picketing in front of the White House.

Secretary Tumult said the pardon must speak for itself and that the White House would have no statement to make of the President's reason.

THE ALLIES INVITE U. S. TO CONFER

Course Followed Not to Be Taken as Permanent Policy.

By Associated Press Dispatch.

Washington, July 19.—The United States has been officially invited by the Allied Governments to participate in an inter-allied conference to be held in Paris sometime this month, but has decided for the present that it will not be necessary to take part in such meetings not directly affecting this country's task in the war.

It was officially explained at the State Department that while this course was followed at present it was not to be taken as an indication of a permanent policy.

RESIGNS HIS POST

(Associated Press Cable) Petrograd, July 19.—Another member of the Russian Provisional government resigned today. The Minister who tendered his resignation was M. Perezeizeff, who held the portfolio of Justice.

ENUMERATION OF SCHOOL YOUTH IN CITY AND COUNTY

Fayette Short 92 Pupils Compared With Last Year's Enumeration, Due to Transfer of Territory—Washington Gains 10 Pupils, Indicating Increased Population.

While the county as a whole shows a decrease of 92 persons of school age since last year's school enumeration, the figures on the number of pupils this city show an increase of 10, and this in the face of repeated argument that the city had lost some of its population by persons moving to other larger cities. The figures indicate that the city has increased in population over and above the number of persons moving out of the city. The decrease in the county is due to territory transferred out of the county.

The total number of persons from 6 to 21 years of age—or school age, in Fayette county, is 5050, according to statistics just completed by County Auditor Glenn M. Pine, while last year the number was 5142.

In Washington the figures this year are 1663 pupils as compared with 1653 last year.

In the city the number of pupils of various ages are: 6 to 8 years, 387; 8 to 14 years, 695; 14 to 16 years, 220 and 16 to 21 years, 361.

In the entire city and county there are 2571 boys and 2479 girls of school age, or nearly 100 more boys than girls. The number of pupils of various ages in the entire city and county are: 6 to 8 years 1009; 8 to 14 years, 2205; 14 to 16 years, 675 and 16 to 21 years, 1161.

nesday afternoon, and the work of laying the stone coping which completes the walls, is nearing completed

With the exterior work of the building nearing completion, the handsome structure looms up in all of its massiveness and attractiveness. The exterior of the structure is complete to the detail of a huge flag staff ready for the starry banner.

While the exterior is virtually complete, the interior will require several weeks before ready for occupancy, and September first is the date set for occupancy of the structure.

Within a few days the work of remodeling the Hunt block, touching the new structure on the north, will be taken up, and the weak supports will be strengthened and other radical changes made, as well as a drive, way for trucks being arranged in the Hunt block, so that trucks may be loaded at night and be ready to start for delivery bright and early the following morning.

GUARD ON DUTY NIGHT AND DAY

Company M never sleeps!

A guard is on duty at the head of the stairway leading to the Armory, night and day, and woe be his if he should fall asleep and be caught by an officer.

Three men are relieved off for guard duty each 24 hours, and each of the three men have two hours on duty and four off, alternating until their 24 hours come to an end.

The guard either stands or occupies a chair, and carries a loaded gun. It is his duty to challenge anyone who attempts to pass unless he is absolutely certain of the party's identity and his business.

HIGH SCHOOL LAWN IS BECOMING ATTRACTIVE

Washington residents have been remarking on the beauty of the Central school grounds the past few weeks. The grass has covered nearly all the bare places in the yard and the shrubbery planted by the school has made a good growth.

The Washington high school lawn at this time presents the most pleasing appearance of any school in this section.

JAMBOREE TO BE FAREWELL PARTY FOR COMPANY M

Big Plans Are Under Consideration—First Affair of Its Kind Ever Held in the City.

The big "Jamboree Comique" which is to be given under the auspices of the Finance Committee of the Fayette county chapter of the Red Cross, on August 2nd, during the ascendancy of the harvest moon, will be a fitting farewell picnic for the members of Company M, who will leave this city for their southern training camp on August 5th.

The different special committees appointed by chairman, Mrs. C. H. Griffis, have their "heads together" and are promising to spring some surprises in the way of novelties for the big community picnic.

The Jamboree is for the enjoyment of everybody. Entertainment will be provided for old and young alike. Every man, woman and child in the city and county is invited to participate in the last good old-fashioned get-together session that the soldier boys will enjoy before they march off to war.

BIG SHOW OPENS HERE NEXT WEEK

Rutherford's Greater shows are announced for appearance here all next week, and there is no question but what the organization is one of the largest outdoor amusement enterprises in America. There is the big Philadelphia Carousell, or Carry-All, one of the most magnificent and safest riding devices ever manufactured. The big Eli Ferris Wheel, modeled after the one made for the Chicago World's fair. The latest French amusement attraction, known as The Whip, will be shown here for the first time. Prof. Armond's war play, "Peril of Our Nation," is an electrical

story in the European wars, electrical of the war; not a moving picture, but scenes of carnage now going on contrived showing the destruction of cities by Zeppelins, aeroplanes, etc., and showing scenes of many battlefields. The monkey speedway is another new attraction, interesting as well as laughable to watch. Monkeys racing around and speeding in racing motors. The Midnight Follies is a musical comedy with a bunch of pretty girls. "Girle" the little Alabama Blossom, is a most marvelous illusion performance. Then there is Hazel Ferris. Have you heard of her? Dead or not dead? The feature show is the Submarine Girls, who are known as The Diving Venus.

Besides all sorts of stunts in water they sing and talk to the audience by the aid of telephone.

The Ten-in-One Side Show has freaks and curiosities from all over

the world. Prof. Frank Staughie Band will give free concerts. It looks like a great show and no doubt crowds will turn out Monday to see the initial show.

Ed. R. Salter, the well known theatrical manager, is in the city in advance of the attraction.

CHILLICOTHE DONS METROPOLITAN AIRS

Chillicothe, ancient capital of Ohio and which is located at the foot of the hills where Ohio gets her seal, is rapidly assuming real metropolitan airs, and the latest—but probably not least—of these is the abolition of "jay walking."

Plans are now under foot to stop "jay walking, or cutting of corners by pedestrians who desire to reach the opposite side of the street, and in the near future action of council will be taken to do this piece of metropol-

itan wearing apparel.

Chillicothe has not yet fully realized the tremendous undertaking she has on hands in dealing with the can-
tonment problems, according to men

who have visited the city, but she is rapidly "waking up" and soon will be handling the problem in good shape.

The influx of such a greatly increased population has made it necessary to revamp the city's ordinances and manner of handling municipal affairs, and the council and citizens are getting busy on this task.

The August Kensington of the W. C. Patton, Wednesday afternoon was held at the home of Mrs. Melvin, Florence Melvin, Lydia Stoddard, Mary Donohoe, Susan Stoddard, Emma Craig, Ella Reeder, Frances Bales, Miss Emma Swartz. The home was prettily decorated with summer flowers and lemonade. It was voted at the last meeting to dispense with refreshments.

The afternoon proved thoroughly enjoyable, the women, instead of the usual fancy work, busily clipping for fracture pillows under the trees of the N. L. W. S.

The picnic supper with accompanying entertainment, given by the Brothers to their employees Tuesday evening marked a red letter occasion in the pleasurable annals of the store.

There had been some disappointment when the rain prevented the usual plan of a picnic at Cedar Crest, the successful carrying out of the plans amply compensated and every employee agreed that the afternoon and evening measured up to full quota of anticipated pleasure even exceeded it.

The merry party first took in the new film at Wonderland, a photo version of Dickens' novel "Expectations" and that was followed by an auto ride, for which the clouds considerably cleared.

At half past five the picnic supper had been prepared by the sales of the firm was in readiness in the carpet department, which had been changed as much as possible to suitable picnic grounds, with rustic cool rooms.

The gathering was a departure from the usual regulation meeting from the fact that among the forty guests a third were men, who had motored over with their wives. The men held an out door social session beneath the big trees of the large grounds with Messrs. Jamison and Schwartz in the role of hosts while the women enjoyed their program in the cool rooms.

The program included excellent papers by Mrs. A. S. Kah and Mrs. Lilian Plyley; a vocal solo by Mrs. J. B. Rogers and piano solo by Miss Kiger.

At its close delicious refreshments were served and the afternoon closed in pleasurable visiting and enjoyment of the cordial hospitality of the home.

A wealth of artistic scarlet poppies in the rooms and in the gardens aroused much admiration.

Rev. A. S. Kah, pastor of Frankfort and Concord churches, and Mrs. Kah were among the guests.

seats, swings and so forth.

The table cloths formed a huge "T" on the floor in the center and contrary to ordinary picnic custom, were tastefully decked with summer flowers and honey suckle vines. The decoration which made the greatest appeal, however, was the picnic spread—huge platters of fried chicken, trays of home cooked ham sandwiches of all kinds, salad, brick ice cream, delicious home made cakes—and hot coffee supplemented with confections and cigars.

Enthusiasm over the feast reached a high pitch and surely there never was a more appetizing array of viands nor an affair more enjoyed. For a couple of hours after supper there was Victrola music and dancing and then everybody went to the band concert.

Mr. and Mrs. Eli Craig and Mrs. Durant, of Tarleton, mother of Mr. J. L. Durant, were honored guests. The picnic at Cedar Hurst is only postponed after all so that the store people feel doubly delighted in having had the good time of Wednesday night and still another to anticipate.

At their beautiful country home near Glendon Wednesday afternoon, Mrs. C. P. Jamison and Mrs. A. O. Schwartz, delightfully entertained the monthly meeting of the Woman's Missionary Society of Concord Presbyterian church their church home for many years.

The program included excellent papers by Mrs. A. S. Kah and Mrs. Lilian Plyley; a vocal solo by Mrs. J. B. Rogers and piano solo by Miss Kiger.

At its close delicious refreshments were served and the afternoon closed in pleasurable visiting and enjoyment of the cordial hospitality of the home.

A wealth of artistic scarlet poppies in the rooms and in the gardens aroused much admiration.

Rev. A. S. Kah, pastor of Frankfort and Concord churches, and Mrs. Kah were among the guests.

The annual installation of Washington Temple No. 180, Pythian Sisters put in office Past. Chief, Mrs. Rosetta Wilson, M. E. C. Miss Isabel Evans; E. S. Miss Jessie Wain; E. J. Miss Cloe Bonecutter; M. of R. and C. Mrs. Grace Hyer; M. of F. Miss Margaret DeWees; Manager Frances Bending; Protector, Mrs. Mae Deheart Outer Guard, Belle Arbogast.

Miss Emma Wilson was installing officer, assisted by Mrs. Laura Eyre; G. S. and Mrs. Sadie Blackmore, G. M.

A chicken pie supper was enjoyed by six member of Co. M. at the home of Private Ferrell Gordon in New Holland Wednesday night. They were Sargeants Forest A. Smith, Frank Ferneau, Wm. H. Buckley; C. C. Russell Taylor and Private Robt. Highland.

Enthusiasm over the feast reached a high pitch and surely there never was a more appetizing array of viands nor an affair more enjoyed.

For a couple of hours after supper there was Victrola music and dancing and then everybody went to the band concert.

Mr. and Mrs. Eli Craig and Mrs. Durant, of Tarleton, mother of Mr. J. L. Durant, were honored guests.

The picnic at Cedar Hurst is only postponed after all so that the store people feel doubly delighted in having had the good time of Wednesday night and still another to anticipate.

At their beautiful country home near Glendon Wednesday afternoon, Mrs. C. P. Jamison and Mrs. A. O. Schwartz, delightfully entertained the monthly meeting of the Woman's Missionary Society of Concord Presbyterian church their church home for many years.

The gathering was a departure from the usual regulation meeting from the fact that among the forty guests a third were men, who had motored over with their wives. The men held an out door social session beneath the big trees of the large grounds with Messrs. Jamison and Schwartz in the role of hosts while the women enjoyed their program in the cool rooms.

The Biennial Roundup

The state bureau of accounting is now well into the work of the biennial round up of flimsy charges against officials who have ended their term of service to the state.

As usual only those who have gone are receiving the attentions of the sleuths. The results of their frenzied search for something wrong—and as a general thing they find something wrong when they are set on the trail for that purpose— promises to be the same as in years gone by—an expense to the tax payers, filling for the next campaign book and "thunder" for the campaign orators of the political party now in power.

The state bureau of accounting is recognized now as one of the most expensive and most useless jokes among the public departments.

It is another one of those impractical creations growing out of a beautiful sounding theory.

It is amazing that the people of Ohio have endured the farce so long.

When things quiet down again and people have time to look about their own state household it is likely that the state bureau of accounting, as at present constituted will be about the first bit of unnecessary furniture taken to the junk heap.

One Poor Guardsman

When the four tent mates of young guardsmen Seymour Sprouse, as the last act of the military funeral, gently lowered his dead body into the grave and the army officers announced that there would be no special investigation of the case, a heart breaking incident of the war was closed.

We all of us remember that only last week when young Sprouse was taken ill, how he was taken home by his parents for treatment. When the mobilization call came he was physically unfit to respond.

A detail of soldiers were sent to bring him to camp. Pleadings of the near frantic parents proved unavailing to turn them from their purpose, the house was barricaded by the mother and father, that they might keep the dying boy with them—the feeble barriers erected by loving hands were crushed aside, the lad taken to headquarters and the mother and father sent to prison on a charge of resisting the military authorities.

Later the boy died of meningitis—the distracted mother reaching his bedside just before the end came.

Perhaps, according to military standards no one was at fault—perhaps nothing of good could be accomplished by an investigation.

But, even harsh as military discipline must be, it does seem that human impulses might have softened it in that instance without harm to the service. A little bit of kindness a little bit of common sense—would not have been destructive of discipline.

He was only a boy—18 years old—the idol of the mother's heart.

From the standpoint of the civilian we can't help but think that entirely unnecessary harshness was used. The lad is now at rest—the mother and father must go on with the burdens of life. Perhaps it would do no good to censure even if military rules permitted but let us hope the case will not be without its lesson.

Coal Problem Far From Solved

Coal operators for practically all of Southern Ohio, have agreed to set aside six million tons of coal for the exclusive use of the householders during the coming winter, we are now told.

Well, if that plan is conscientiously carried into execution it will solve the supply problem and will do away with the coal shortage argument of unscrupulous dealers.

There, of course, remains, before any appreciable measure of relief is assured, to be consummated some arrangement for getting the coal to the householders of the state.

Quite naturally there is considerable publicity attaching to that feature of the result of Tuesday's conference between state officials and operators and, like the agreement of the Federal Trade Commission, it is probably a good starting point but price and transportation agreements are as essential as the fixing of mine supply and mine prices.

All in all, there is not very much encouragement to be gained by the consumers in the results attained in the conferences. There is a faint ray of hope to be gathered from the fact that officials, national and state, persist in agitating the fuel problem, keeping it before the public and "working at it."

Price conditions, were so fearful last winter and the accomplishments thus far, after months of endeavor, have been so infinitesimal that people are decidedly pessimistic in their acceptance of any of these many proposals and partial agreements which fall short of absolute government ownership or control of supply and transportation facilities.

Poetry For Today

GOD'S COUNTRY.

When you hike out for God's country,
Which same means down on th' farm,
When yo're sick an' tired an' ailin'
An' jest aint worth er darn.
An' yo' go an' lay out on th' ground
An' look up at th' sky
An' see them funny little clouds,
Jes go skyhooftin' by—
Then you're gettin' all that nature,
(Biggest doctor of 'em all),
Kin just possibly give yer.
Can't yo' hear her croonin' cal?
"Breathe the fresh, pure air o' heaven
en.

Feel th' gentle breeze below,
See the wonders all about yo',
Watch the corn an' taters grow,
Look things over an' tell me
(Curled up comf' on th' sod
Gazin' deep into the heavens),
Can yo' doubt that they's a God?"

When th' twilight shadows linger
An' the West ez molten gold,
Dogs in fur-off hills a barkin'
Birds begin ter softly scold,
Sayin': Kiddies, close yore peepers,
Cuddle down 'neath mother's wing;
God's up thar on His high heaven
(Cose He knows yo' want ter sing),
But it's time for beddie bye low,
He will keep yo' from all harm."

Oh, those precious twilight moments
Seethin', bubblin' with their charm,
"Hear th' cattle lowin' softly,
Makin' leetle plaintive calls,
An' the horses softly munnin'
As yo' pass erlong th' stalls;
Mebby yo' doan know et, partner,
But yo're livin' boy, that's all.

EXTRA CULTIVATION ARE UNNECESSARY

By Associated Press Dispatch.

Columbus, O., July 19.—Several extra cultivations for corn late in the season have doubtful value in the light of tests conducted at the Ohio Agricultural Experiment station at Wooster for three years. Yields have been increased only about two bushels by three extra cultivations.

Alternate plots of corn have been given three extra cultivations about ten days apart after five ordinary cultivations have ceased. During three years, 13 tests were made. The average yield for ordinary cultivation was 59.86 bushels per acre; for late cultivation 61.95 bushels, or a gain of 2.09 bushels for three cultivations, which would scarcely pay the added cost.

NICE SAVAGES

By American Press

Kansas City, July 19.—Charged with conspiracy to scatter infectious and deadly disease germs, through the medium of court plaster, three Germans, according to Mr. Robertson, United States district attorney, are being held incommunicado in Kansas towns. The alleged conspiracy was discovered by R. W. Smith, state chemist, upon analysis of court plaster distributed free, by the three men in various Kansas towns and villages. The first laboratory test made by the state chemist proved a puzzle, so three other expert chemists were summoned. All three found tetanus (lockjaw) germs in their samples. Other germs, not yet identified, were also found.

Three Thousand Applicants.
Fort Harrison, Ind., July 19.—It was announced at post headquarters that final rolls of the applicants for the second officers' training camp showed a few more than 3,000 names from this number 448 from Indiana will be selected.

PREPAREDNESS AT THE STATE FAIR

By Associated Press Dispatch.

Columbus, O., July 19.—(Special)—Is Ohio Prepared? Come and See! This is the slogan being distributed by Columbus merchants who are doing their mite to help make the coming State Fair, to be held August 27-31, the greatest success in the history of the state.

Indications point to exhibits of unusual interest, and with the great war issues before the people, there will be many features which will be of untold benefit in the large exhibit halls. The Fair will be open day and night, and lighting arrangements which have been completed will make

the grounds and the many buildings just as light at night as during the day. It is going to be such an exhibition that no resident of Ohio will want to miss.

Women are so awfully hard to understand."

"What's the matter now?"
"Five of them have refused to marry me. I wonder what sort of a man they are looking for anyhow."—Detroit Free Press.

The entire stock was ruined.

The damage will exceed one million crowns.

Y CADETS ARE QUICK TO LEARN MILITARY

The Y. M. C. A. Cadets held their regular drill in the gymnasium of the building Wednesday night at 7:15 o'clock.

Lieutenant Robert Johnson, and Private Emmet Hays conducted the drill like seasoned soldiers. About twenty-five of the boys enrolled in the company reported.

The cadets are greatly in need of uniforms and guns, further advancement in company drill being practically impossible without this necessary equipment.

Secretary Patton, who is in Columbus today taking the physical examination for officers' training, is making an effort to secure guns for the boys.

The boys are all eager to go on with the work, and interest will be increased if complete equipment can be secured.

lation of the coal operators, and the belief has been expressed that had the government not taken some steps to prevent the robbery, the price would have been advanced several dollars more on the ton.

"FIGHTING" CAPTAIN WULZEN, MUSTERING OFFICER, HERE TODAY

Captain W. G. Wulzen, who is be-

ginning to be known as the "fighting captain," arrived in the city Thursday morning for the purpose of arranging for the formal mustering of Company M into the Federal service.

Captain Wulzen is from Company E of the Third Ohio Infantry, and his home is in Hamilton. He was stationed at Greenfield for sometime where part of his troops guarded railroad bridges.

This is due to the fact that it is estimated fifty percent of the men drawn will be exempted or physically unfit for military service.

As quickly as announced, the numbers will be given to The Herald by Associated Press, and the names corresponding to the numbers will be ascertained without delay and immediately bulletin by The Herald at the usual places.

Persons desiring to know if they are among the numbers drawn can call by telephone. Calling by phone should not be done before 10:00 a.m., and it is hoped to have the information ready by that time.

A complete list of the men will be carried in Friday's Herald if present draft plans are carried out.

CHEAPER COAL IS ANTICIPATED

With the prices of coal in this city ranging from \$6 to \$8 per ton, and very little, if any being stored for the winter, coal dealers are now selling comparatively little fuel, the heaviest demand being from the farmers who must have coal for the threshing engine.

In an interview Thursday morning, Mr. Geo. Robinson, well known local dealer, stated that he was confident that the price of coal would drop materially, or at least \$1 on the ton, and that it should drop much more than this, but he was doubtful of a further decrease. The drop is expected within a very short time, and in anticipation of such a drop, citizens who usually lay in their winter supply of coal at this time, are awaiting the decline.

Johanna Von Beethoven—Frank Boylan.

Mother Beethoven—Jeanette Byron.

CORNET SOLOIST FEATURE OF 3RD BAND CONCERT

The third of the series of free concerts by the Washington Band was given at the intersection of Court and Main streets at 8:00 o'clock Wednesday night.

The big feature of the program was the cornet soloist, Mr. John Schraf of Cincinnati. He is an artist, and his rendition of "Carry Me Back to Old Virginia" was beautiful, and held the assemblage in impressive and appreciative silence until the very last strains died away. Mr. Schraf responded to encores. He also gave a few vocal solos which were much enjoyed.

The work of the band shows improvement with each appearance even though residents of the city were perfectly satisfied with their work in the opening concert.

They are better this season than ever before, and have been deserving of the good offers received from managers that know good music. They will fill their contract at Buckeye Lake Park next Sunday. They have also been engaged to play at the Fayette county fair in August.

ATHLETICS WILL TRIM WILMINGTON

BOYS WHO ARE "DOING THEIR BIT"

The above are the boys who left this city on the 10:47 B. & O. train, Sunday morning, to join the Second Ohio Ambulance Corps, and are now encamped on the State Fair Grounds in Columbus. Left to right, they are: Donald Andrews, Orland Hays, Donald Moore, M. W. Clasgens, Harold Counts, Ronald Dick, Lawrence Flesher and Robert Jefferson.

Did you ever hear so much about the Athletics? Enthusiasm is certainly running high, and local fans are not only predicting a victory over the Wilmington lads Sunday, but a number of the faithful bugs are pledging themselves to assist in a financial way to help meet the expenses of the club, which are necessarily much heavier than earlier in the season.

Apparently nothing but a genuine victory over the Clinton county boys will satisfy the local followers, and with this fact fully understood the management will present a line-up next Sunday afternoon on the local grounds that will make the fans howl with delight.

It is not the intention to advertise just who is who, and what league the new players are from, as this would be poor policy, but we are certain that for once the men back of the local club are doing their utmost to produce a winner, and one that will not be forgotten in the near future.

The game is called for two-thirty prompt, and Washington fans should go early to secure good grand stand seats.

Let's all be boosters for the Wilmington game, and witness the new team known as the Washington Athletics.

STREET REPAIRS MUCH APPRECIATED

Repairs of the uptown streets—a thing long sadly neglected, but which has been receiving attention during the past week or ten days, in meeting with general public approval, and dozens of broken places in the paving have been removed and rebuilt so that the surface is level with the remainder of the paving.

Citizens are anxious for the repairs to extend to each of the uptown streets so that as far as possible the surfaces may be leveled up and placed in something like proper condition.

BUCKEYE LAKE PARK

The Initiatory Team of Iola Lodge No. 83, K. of P., of Dayton, O., will give an exhibition initiation and drill free to the general public, on a specially constructed stage on the athletic field at Buckeye Lake Park, Friday afternoon and evening July 27, 1927. Music will be furnished by the Boys' Band, composed of children from the Knights of Pythias Home at Springfield. For grandeur and excellence in costuming, delineation and display this is the greatest spectacular performance known in the realm of fraternal organizations. The team has given exhibitions in most of the great cities from the Atlantic to the Pacific and from the great lakes to the Gulf. No one should miss seeing this marvelous performance.

OBTAINING LUMBER FROM THIS CITY

The Washington Lumber Company, of which Mr. J. E. Shepard is manager, has shipped a car load of lumber to the Chillicothe cantonment camp, and has received inquiries concerning other shipments which may go forward within the next few days.

The first car load shipped by Mr. Shepard consisted of scantling 4 by 4 inches, 6 by 6 inches and 6 by 8 inches.

This material will go toward the construction of the frames of some of the cantonment buildings.

FISHER SENTENCED: GETS OFF LIGHTLY

John Fisher, Clinton county man arrested sometime ago for throwing acid in the face of his daughter, and found guilty of assault and battery when tried, was today sentenced to four months in jail and to pay \$100 fine.

In passing sentence the Court informed Fisher that only a technicality in the law prevented him from sentencing him to the penitentiary for life for mayhem.

WILL DRAW ON FRIDAY

By American Press

Washington, July 19.—Advices to Brigadier General Crowder, the provost marshal general, indicates that the national lottery to determine the order of liability of the 10,000,000 men registered for military service can be held Friday.

Preparations to make the drawing Friday went ahead rapidly, although a final decision as to the date can not be made until the last governor has actually reported that the local exemption boards in his state have finished their task.

Details of the mechanism to be employed in the drawing have not been revealed. It is known definitely, however, that present plans are for the lottery to take place in the Capitol building, with the members of the senate and house military committees as witnesses. The entire proceeding is not expected to take much more than one hour.

General Crowder was in conference with the newspaper correspondents over arrangements for the drawing. The press is relied upon to carry to individuals throughout the country the information as to when they will be required to appear before exemption boards and for that reason every effort is being made to suit the convenience of the papers as to details.

The task of transmitting the long lists of numbers by telegraph is a problem of considerable proportions, but the press associations and telegraph companies are making efforts to insure both speed and absolute accuracy in transmission. There is more concern over the task of the individual newspapers after they receive by wire the results of the drawing. In large communities, the problem of printing the serial numbers with the names of the men they represent in each district attached is one of staggering proportions.

Registrants throughout the country are urged to acquaint themselves with

General Parker Takes Place Held by Funston and Pershing

GENERAL JAMES PARKER

Brigadier General Parker, one of the army's best known cavalry commanders has been appointed to command the southern department in succession to General Pershing. The latter succeeded Funston when Funston died. General Parker has a long army record and is a holder of the congressional medal of honor for distinguished gallantry displayed in fighting in the Philippines in 1899.

the serial number allotted each person by exemption boards. The number placed on the registration card is not indicative of the man's order of liability. He must learn not only the figure assigned him by the board but also the number of registrants in his district.

While the provost marshal general's office was busy clearing up the last details for the drawing, the problem of alien registrants other than enemy aliens, came before the senate in a resolution introduced by Senator Chamberlain, chairman of the military committee. It provides for the drafting for military service of citizens of countries at war with Germany who are now residing in the United States upon the same terms as American citizens are liable under the national army bill.

A resolution declaring that the secretary of war and commerce, in fixing the quotas of the states and territories on the basis of population, have acted illegally and calling upon them to furnish the house with their reasons for so "ignoring the express provisions of the conscription law" was introduced by Representative McColloch of Ohio.
